## DETAILED ACTION

### *Oath/Declaration*

1. Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth:

- The filing date of the Provisional Application 60/198,627 is incorrect.

The correct filing date is 4/20/2000, instead of 4/20/2001.

The substitute oath or declaration must be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner.

### *Terminal Disclaimer*

1. The terminal disclaimer filed on March 15, 2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US. Pat. No. 6,584,979 has been reviewed and is accepted. The terminal disclaimer has been recorded.

### *Allowable Subject Matter*

2. Claims 10-15 are allowed.

The following is an examiner's statement of reasons for allowance:

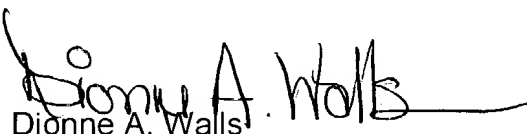

The prior art of record suggests a cigarette filter with fibers containing semi-opened/opened microcavities, said cavities being loaded with flavorant delivery materials. However, the prior art does not teach or reasonably suggest such a cigarette filter in combination with a tobacco rod, wherein said cigarette filter fibers are loaded in a space surrounded by either an upstream or downstream plug.
